THE ISLE OF MAN

AN ISLAND OF HISTORY

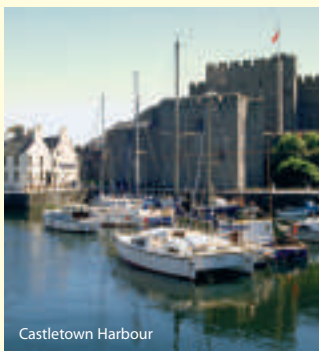

The Isle of Man's landscape is dotted with historic attractions including medieval castles, museums, ancient monuments and maritime charms that give you a real taste of the Island's past.

You can find a sense of heritage around almost every corner of the Island, which has one of the most concentrated and best cared for historic landscapes in Europe. Some attractions are spread across the countryside whilst others can be found within easy walking distance of each other in towns and villages throughout the Island, all of which are accessible via rail or bus.

The Manx Museum, situated in the Island's capital Douglas is a key visit destination for any visit to the Isle of Man. The museum includes a fascinating series of modern state of the art galleries which reveal the story of the Island through films, exhibitions and interactive displays. The museum also houses a small restaurant which serves some great Manx dishes.

Opened in 1874, the Isle of Man Steam Railway still runs with its original locomotives and carriages, through an ever changing landscape, to a choice of destinations in the south.

At Ballasalla, enjoy the ancient Cistercian monastery of Rushen Abbey, which includes beautiful gardens and a modern interpretive centre, which will be complemented by the new Abbey Restaurant opening in summer 2010.

Castletown Harbour

You can continue your journey by Steam Railway to Castletown where there are four further historic sites to visit including Castle Rushen, one of the world's most finely preserved medieval castles.

Not far from the Castle is The Old House of Keys, the fascinating former home to Tynwald, the Manx Parliament where you take a seat in the finely restored debating chamber, watch as interactive portraits come to life and take part in some great debates. Nearby, the Old Grammar School is also well worth a visit, along with the Nautical Museum where you can experience its fascinating maritime charms.

Further south, the National Folk Museum at Cregneash is an absolute must see and accessible by car, boot or bus. Here, you can see traditional thatched cottages and farm buildings which illustrate a traditional Manx way of life at the end of the 19th century. Whilst at Cregneash, enjoy our daily demonstrations including traditional cooking, spinning, and needlecraft and sample some traditional Manx dishes in the Village Tea Rooms.

The Sound Restaurant and Visitor Centre is also situated nearby and offers spectacular panoramic views of Manx coastal scenery and the Calf of Man.

Sound & Calf of Man

In the West of the Island, you can enjoy a visit to the House of Manannan in Peel where you are greeted by the Island's mythological sea god Manannan,

House of Manannan, Peel

who welcomes you to his fascinating Kingdom and guides you through the Island's rich Celtic Viking and maritime past.

Whilst in Peel, walk along the stunning new marina and quayside to Peel Castle, an ancient fortress situated on St Patrick's Isle and overlooking Peel harbour. After visiting Peel, travel south to Niarbyl, where you can enjoy the café and visitor centre, and discover the traditional thatched cottages at Niarbyl Bay.

In the north of the Island, visit the Grove Museum of Victorian Life in Ramsey, along with its delightful tearooms. Beautifully preserved, a visit to the house, outbuildings and country garden is like stepping back in time.

From Ramsey or Douglas, enjoy a trip on the Manx Electric Railway to Laxey where you can see the Great Laxey Wheel, one of the Island's most iconic sites and the largest surviving working water wheel in the world. The impressive 22m (72.5 feet) diameter water wheel was built in 1854 and has remained one of the Isle of Man's most dramatic tourist attractions for over 150 years.

Groudle Railway

The Island's heritage sites can be visited by road, foot and railways with the Douglas Horse Trams, along with the Isle of Man Steam Railway and Manx Electric Railways stations only a short walk from the Manx Museum.

NORTH BY ELECTRIC 2010

SOUTH BY STEAM 2010

2010

Step aboard your tram car at the Manx Electric Railway terminus at Douglas (known as Derby Castle) situated at the northern end of Douglas promenade.

Sit back and relax as the spectacular Manx countryside passes slowly by. The Manx Electric Railway hugs the Island's east coast as you pass through leaf filled glens, gorse topped hills and spectacular coastal scenery as it winds its way northwards towards Laxey and Ramsey.

Laxey is the starting point for the Snaefell Mountain Railway, a unique Victorian enterprise which winds its way up above 2000 feet to the top of Snaefell, the Island's only mountain. At the top enjoy the breathtaking views, and it is the only place in the British Isles where you can see England, Ireland, Scotland and Wales just by turning around. While at the top, enjoy refreshments in the Summit Hotel café.

Laxey is also home to the Lady Isabella, the world's largest water wheel, or take the mines trail which gives a glimpse into Laxey's fascinating subterranean past.

From Laxey the railway continues past some of the most dramatic coastal scenery on the Island, interspersed with idyllic glens, ideal for walking, which can be accessed from most of the lineside stops. Finally Ramsey, the largest town in the north and home to the Gibb's of the Grove museum, a perfectly preserved manor which illustrates what life was like upstairs and downstairs in a Victorian home. Outside there are displays of vintage vehicles and agricultural equipment.

Ramsey also has plenty to offer in the way of family entertainment with its long sandy beaches and the Mooragh Park with its large boating lake, tennis courts, bowls, crazy golf and swings. The town has an interesting commercial harbour to stroll along as well as a choice of shops, cafes, restaurants and bars.

Opened in 1874, this narrow gauge railway still runs with its original locomotives and carriages, through an ever changing landscape, to a choice of destinations in the south of the Island.

At Ballasalla there is the ancient Cistercian monastery of Rushen Abbey, restored in 2000 with a modern interpretive centre explaining this historic monastic treasure.

Enjoy a leisurely stroll along the river to Silverdale Glen with its café, boating lake and children's play area. In Castletown there are four unique heritage sites continuing The Story of Mann theme, Castle Rushen, the Nautical Museum, The Old Grammar School and the Old House of Keys. Nearby there are shops, pubs and restaurants to visit.

The final two destinations are Port St Mary with its busy sheltered harbour, sandy beaches, 9 hole golf course and café or spend the day in Port Erin, which is always a favourite for families, with its soft sandy beach.

Away from the beach explore Bradda Head and Milner's Tower, which overlook the bay, play a round of golf, take a walk in the glen or along the coastal footpaths.

Well worth a visit is the Railway Museum and shop, next to the station with its visual displays and static rolling stock telling the story of Manx steam from the 1870's to the present day. From either Port Erin or Port St Mary you can take a bus to Cregneash, a 19th Century Manx crofter's village, or the visitors centre and café at the Sound, the most southerly tip of the Island with stunning views of the Calf of Man. Then after a busy day why not finally relax in the Port Erin Railway Station Café before heading home on the train.

OTHER RAILWAYS OF THE ISLE OF MAN

Douglas Corporation Horse Trams

(Island Explorer Tickets are valid for travel)

Opened in 1876 this horse drawn tramway operates along the seafront in Douglas between the Sea Terminal and Derby Castle still using its original rolling stock. An ideal and interesting way to travel between the Isle of Man Steam and Manx Electric Railways if time permits. The Horse Trams operate during the summer season.

Orchid Line

(Island Explorer Tickets not valid for travel)

A miniature railway at the Currags Wildlife Park operates on Sundays from Easter to October and on some Saturdays in peak season. A wide variety of locomotives can be seen working on the line.

Groudle Glen Railway

(Island Explorer Tickets not valid for travel)

The Line that Goes Uphill to the Sea

Just 2 miles north of Douglas on the Coast Road, take the Manx Electric Railway to Groudle Halt, then a short walk through the picturesque glen to the main station at Lhen Coan.

Why not enjoy refreshments at one of our four Café facilities.

The **Whistle Stop Café** is situated within the Port Erin Railway Station building and is open throughout the year.

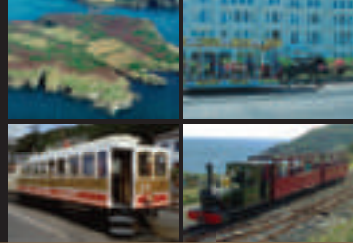

In **Douglas Railway Station** we have **Greens Restaurant** which serves a variety of cakes and vegetarian meals. **Greens** is open throughout the year.

Laxey Station Café is sited within the **Manx Electric Railway Station** building a short way from the Rose Gardens in the centre of the Village. The Café provides light snacks and homemade cakes and is open throughout the Railways operating season.

At the top of the Island we have the **Snaefell Summit Hotel**, which is open between May and September. The Hotel provides a range of hot and cold food and boasts superb views across the whole Island. On a clear day you can view the seven kingdoms of Mann, England, Ireland, Scotland, Wales, Heaven & Sea.
